# OUR STORY, OUR VISION.

L'esperienza Bontempi inizia negli anni '60 dall'iniziativa dei due fratelli Alessandro e Giancarlo Bontempi che con forte determinazione ed innovazione danno vita all'appassionante storia Bontempi Casa.

Nel 2004 nasce INGENIA un'azienda dove il concept che ne sta alla base, è il dar vita a soluzioni pratiche che si inseriscano naturalmente in ogni stile abitativo.

Con la sua ampiezza di proposte, INGENIA esprime un design fresco e dalla qualità eccellente, adatto alle moderne esigenze abitative. La personalizzazione minuziosa di ogni elemento d'arredo permette di trasferire la propria personalità in ogni dettaglio. La profondità di gamma si articola infatti in tavoli, sedie, complementi e letti in ferro, da configurare secondo un'ampia selezione di colori e finiture.

INGENIA è una vera e propria garanzia del Made in Italy nella produzione dei suoi prodotti, molto apprezzata anche a livello internazionale per la sua indiscussa qualità e design.

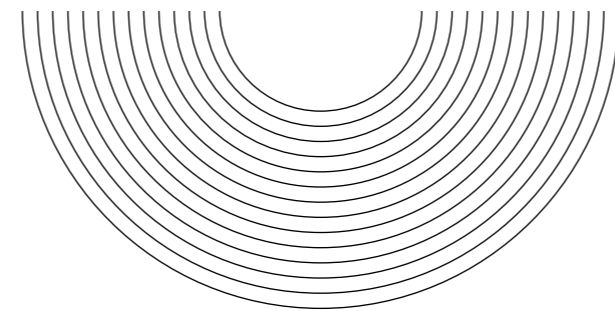

Bontempi's experience began in the 1960s with the initiative of two brothers, Alessandro and Giancarlo Bontempi, who with strong determination and innovation gave life to the exciting history of Bontempi Casa.

In 2004 INGENIA was born, a company with the concept behind to create practical solutions that fit naturally into any style of living.

Throughout the wide range of proposals, INGENIA expresses a fresh design and excellent quality, suitable for modern housing needs. The care for customization of each piece of furniture allows you to transfer your personality in every detail. A collection rich of tables, chairs, accessories and iron beds, which can to be configured choosing among the wide selection of colours and finishing given.

INGENIA products are guaranteed Made in Italy and the collection is highly appreciated worldwide for its undisputed quality and design.

RETE DORSALE TELAIACCIAIO  
Dorsal bed base with steel frame

Reti robuste con telaio in acciaio di sezione speciale. L'elasticità naturale del listello in legno evaporato sostiene il corpo in funzione al peso. I listelli in legno multistrato evaporato singoli da mm.68 sono montati su supporti antirumore. Nella versione matrimoniale i listelli interi sono supportati da un tubo centrale antiaffossamento con plastica antirumore.

Strong bed base with a special section steel frame. The natural elasticity of slats in artificially seasoned woods supports the body depending on its weight. The single mm.68 slats in artificially seasoned multilayer wood are assembled onto sound-proof supports. In the double-bed version the whole slats are supported by a central anti-sagging tube in sound-proof plastic.

Reti ortopedica a doghe. Orthopaedic slats bed base.

Legno europeo a rapida ricrescita. Quick re-growth European wood.

Legno multistrato a rigidità controllata. Controlled-hardness multilayer wood.

RETE DORSALE TELAIACCIAIO  
Dorsal bed base with steel frame

Reti robuste con telaio in acciaio di sezione speciale. L'elasticità naturale del listello in legno evaporato sostiene il corpo in funzione al peso. I listelli in legno multistrato evaporato singoli da mm.68 sono montati su supporti antirumore. Il sistema di irrigidimento nella zona centrale permette di calibrare la rigidità dei listelli rispettando la naturale conformazione della colonna vertebrale.

Robust bed base with special profile steel frame. The natural elasticity of the steamed wood laths supports the body in relation to weight. The single mm.68 steamed multilayer wood laths are attached to low-noise mounts. The adjustable firmness in the central zone enables the rigidity of the slats to be calibrated to respect the natural configuration of the spine.

Reti ortopedica a doghe. Orthopaedic slats bed base.

Legno europeo a rapida ricrescita. Quick re-growth European wood.

Legno multistrato a rigidità controllata. Controlled-hardness multilayer wood.
